Java	    
C#	    
SQL	    
HTML	    
CSS	    

PROJECTS

Net Prime

Project Members : 4 Members

Duration of Project : 3 Month

Role & Responsibility :

Here I am working on frontend & some backend, what we did every day that I

reported and I set the target to complete my work every day.

Project Description :

Net prime is a subscription -based streaming service that allows our members to watch TV shows and movies on an internet-connected device. At

Net prime, we want to entertain the world. Whatever your taste, and no matter

where you live, we give you access to best-in-class TV shows, movies and

documentaries. Our members control what they want to watch, when they

want it, with no ads. Recommendation just for you. Watch all you want

add free

Front end : HTML CSS

Scripting : JavaScript

Backend : PHP
