

Lead Generation and Admission (Enquiry Management):

Digital Marketing:

Develop and implement digital marketing strategies to attract potential students.

Utilize SEO, social media, email campaigns, and online advertising to generate leads.

Monitor and analyze the performance of marketing campaigns to optimize results.

Collaborate with marketing team to create engaging content and promotional materials.

Admission and Enquiry Management:

Provide an online platform for prospective students to submit admission enquiries.

Capture student details such as name, email, phone number, and message.

Store enquiry data securely in the database.

Notify admin panel about new enquiries for prompt follow-up.

Training Management:

Course Provision:

Offer a variety of training courses catering to different domains and skill levels.

Display course details including name, description, duration, and price on the website.

Allow students to enroll in courses online through a registration form.

Store course information and enrollment data in the database.

Progress Tracking and Doubt Resolution:

Provide registered students with access to course materials and resources.

Track student progress through modules and assignments completed.

Offer a platform for students to raise doubts and questions related to course content.

Facilitate doubt resolution through online forums, chat support, or instructor-led sessions.

Internship and Projects:

Real-Time Project and Internship Provision:

Offer real-time projects and internships to students who have completed relevant training.

Display available projects and internships on the website with detailed descriptions.

Allow eligible students to apply for projects/internships online.

Manage project/internship applications and selections through the admin panel.

Placement and Resume Tracking System:

Placement Opportunities:

Provide placement opportunities to students based on their training and project performance.

Collaborate with partner companies to offer job placements.

Display job listings on the website with company details, position, and application instructions.

Allow students to apply for placements online through a submission form.

Resume Tracking:

Offer a resume tracking system for students to monitor the status of their job applications.

Allow students to upload their resumes to the system.

Track the progress of submitted resumes (e.g., under review, shortlisted, rejected) and provide updates to students.

Enable communication between students and potential employers through the platform.
